Unbelievable! My one word to describe this summer at the castle! It has been an absolute honor and privilege to host each and everyone of you at the 2019 Global Accelerator. It is my hope that this experience is one that will stay with you forever. As I look backwards at what we have accomplished together over the summer and the past year, I am reminded of why the Hult Prize was founded - to give our youth an opportunity to pursue impact. Real impact, the kind that changes trajectories and lives, at a time when the world needs us most.

I will forever be grateful to each of you for joining our community, inspiring action and your unwavering commitment to changing the world!
“It has been an incredible journey working alongside a team of staff members from over 30 countries who have travelled all the way to the UK for our summer Accelerator! If you want to change the world then this is YOUR CREW!”
